

Equip Educators to Cultivate Hope, Engagement, and Belonging in 21st Century Learning Experiences

The Student Experience21 is an online suite of tools that provides a broader picture of what matters most to a student's success now and in the future. It includes:

- 1 **A student perception survey** that captures student voice around the constructs of hope, engagement, and belonging in 21st century learning experiences
- 2 **Immediate report downloads** (by class, school, and system) around student perception of their learning experiences
- 3 **Interactive analysis dashboard** that includes searchable queries to reveal trends and strengths across the system
- 4 **An action response guide** with strategies to inform a teacher's response to student voice around the survey's key constructs

Analyze data by learning mode:

- In-person
- Virtual
- Hybrid

HOPE

This teacher cares about my future.

ENGAGEMENT

I look forward to this class every day.

BELONGING

We help each other in this class.

21ST CENTURY LEARNING

I have choices about the way I learn in this class.
