THE 'HOW' DEEPER LEARNING MODEL

PILLAR I

LEARNING IS ANYTIME, ANYWHERE

Learners seek answers to questions whenever they are curious. They possess the technology and mindset to learn actively at home, at school, and within the community.

PILLAR II

LEARNING IS AUTHENTIC & CONNECTED

Learners ask questions and explore solutions to problems that are important to them and their world. They work with peers and members of their communities to contribute toward outcomes that have an impact.

PILLAR III

LEARNING IS STUDENT-OWNED

Learners are agents of their own learning and have voice and choice in the learning process. They know how to set goals as well as assess, monitor, and reflect on their progress.

PILLAR IV

LEARNING IS COMMUNITY SUPPORTED

Learners understand the importance of relationships in their local, state, national, and global communities. They continuously refine the experience and attributes needed to solve complex problems and recognize future opportunities.
